May 2024 Special edition

New Sponsors needed !

In 2021 Shalem, the warden of the Children's Homes, asked us to help find sponsors for 20 children, most of whom had lost one or both parents to Covid. During the last couple of years many sponsors have come forward to enable a child to join, while some children have found a place in other homes and more have been added to our waiting list. Five remain in need of support.

We now have two boys who Shalem has urgently admitted to the Home despite not having the finances to do so. Shalem found that they were no longer attending school and were instead roaming the streets collecting discarded water bottles and selling them to get food to eat or were begging in the bus and train stations. He was very concerned for their safety. They are now happily attending school and look so much healthier now they have regular meals.

In addition to the two boys there are also three girls. They have not yet been admitted to the Homes, but we have paid for their educational costs, so they are at least attending school. They would love to join the Home as they enjoy their regular visits.

All the children would love a sponsor to support and encourage them. Could that person be you? Please get in touch if you can help.

Sai Varun Teja

Sai Varun Teja is 8 years old. His father died a while ago and then his mother became sick and unable to look after him. His elderly grandmother tried her best to feed Varun and his younger sister, but was struggling. Now he no longer needs to collect waste materials by the roadside as Shalem has taken him into the Boys Home to make sure he attends school and has enough to eat.

Karthik

Karthik's father died in accident in March 2018 and his mother with Coronavirus in May 2020. He then moved from Hyderabad to his elderly Grandmother's house in Bapatla. He was leaving their home early in the morning and returning home at night and their grandmother was very worried about his safety when he was roaming the streets.

Girls needing Sponsors

Please sponsor one of these girls and give them the opportunity for a healthier, happier, more secure life.

Akshaya is 8 years old and an orphan. Her parents died in an accident when she was three years old. Her aunt finds it a struggle to care for her.

Gayathri is 9 years old. Her father died of Covid in January 2020, and her sick mother was unable to feed Gayathri and her older sister. She has been staying with her 70 year old grandfather, who finds it difficult to support them.

Varshini is a 12 year old orphan. Her father died while swimming on Suryalanka beach in 2017 and her Mother died with Coronavirus in 2020. Her aunty has been doing her best to look after her and her older sister since then.
